

Hello Incoming Sixth Grade Families,

Typically by now I would have had the opportunity to meet many of you and your child. Middle School Counselor Krisann Weier and Intermediate Center Counselor Buddy Sigmon would have also been able to share information with your child about the upcoming sixth grade year. However, given that schools are closed, we were unable to provide student tours, introduce students to teachers, and hold our annual parent orientation night.

In place of these things, I have created a few videos. One is a parent video that provides basic information about sixth grade and Mount Horeb Middle School. I have also attached a New Student Guide, that reiterates some of the key points in this video.

[MHMS Incoming 6th grade parent information 2020](#) (11 min video)

[New Parent Guide](#) (PDF)

In addition to information for parents, I have also created two videos for your child. These include some useful information to help your child get excited for Middle School. One is more informational, the other is a Virtual Tour of the Middle School.

[Meet the Tree House Teachers](#)

In addition to the videos, our Middle School website has some informational publications called “Middle Years”. This publication is specifically created for parents of middle school aged children. There are a lot of useful tips within these newsletters.

Please know that more information will be forthcoming regarding your child’s homeroom teacher, what house they are in, and when we may be able to have students tour the building. We will continue to send you details as we get closer to the start of the 2020-2021 school year. In the meantime, please contact me if you have any questions or needs.

Paul Christiansen, Principal
Mount Horeb Middle School
